

# **Informe Técnico MFT N° 001-11**

Tabla 1. Análisis Semicuantitativo de Fitoplancton. Red de 10 micras  
Monitoreo de Fitoplancton Potencialmente Tóxico Chimbote 1101 ( 11-13 enero 2011 )  
Trigésimo octavo muestreo. Programa de Verificación

| Zona                                      | Bahía Samanco |          |          |          | Guaynuná |          | Salinas  |
|-------------------------------------------|---------------|----------|----------|----------|----------|----------|----------|
| Estación                                  | 01-B-SAM      | 02-B-SAM | 01-C-SAM | 01-D-SAM | 01-A-GUA | 01-C-GUA | 01-A-SAL |
| Profundidad de muestreo (m)               | 0-15          | 0-15     | 0-15     | 0-15     | 0-15     | 0-15     | 0-15     |
| TSM (°C )                                 | 19,6          | 19,9     | 19,2     | 16,9     | 17,5     | 17,4     | 17,8     |
| DIATOMEAS                                 |               |          |          |          |          |          |          |
| <i>Pseudo-nitzschia cf. delicatissima</i> | 1             | 1        | 1        | 0        | 1        | 0        | 0        |
| <i>Pseudo-nitzschia pungens</i>           | 1             | 1        | 1        | 1        | 1        | 0        | 1        |
| DINOFLAGELADOS                            |               |          |          |          |          |          |          |
| <i>Alexandrium sp.</i>                    | 0             | 0        | 0        | 1        | 0        | 0        | 0        |
| <i>Dinophysis acuminata</i>               | 1             | 1        | 1        | 1        | 1        | 1        | 1        |

| <i>Dinophysis rotundata</i>               | 0             | 0        | 1        | 0        | 0        | 0        | 0        |
| <i>Prorocentrum minimum</i>               | 0             | 1        | 1        | 0        | 1        | 0        | 0        |
| <i>Protoperidinium crassipes</i>          | 0             | 1        | 0        | 1        | 0        | 0        | 0        |
| <i>Protoperidinium depressum</i>          | 1             | 1        | 1        | 1        | 0        | 1        | 1        |

## **LEYENDA**

Ausente : 0  
 Presente : 1 (1-3 cel/c)  
 Escaso : 2 (4-10 cel/c)  
 Abundante : 3 (11-20 cel/c)  
 Muy abundante : 4 (> 20 cel/c)

cel/c=células/campo
